Certified Public Accountant and Consultant

Independent Auditor's Report

To the Board of Directors and Management
Senior PharmAssist, Inc.
Durham, North Carolina

Opinion

We have audited the accompanying financial statements of Senior PharmAssist, Inc. (the Organization) (a nonprofit organization), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with the modified cash basis of accounting as described in Note 1.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 1, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Senior PharmAssist, Inc.
Notes to Financial Statements
June 30, 2022 and 2021

Note 1 - Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities

Senior PharmAssist, Inc. (the Organization) is a nonprofit corporation exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(1). The Organization was incorporated in 1998 to promote healthier living for Durham seniors by helping them obtain and better manage needed medications and by providing health education, Medicare insurance counseling, community referral and advocacy.

Basis of Accounting

The accompanying financial statements have been prepared on the cash basis of accounting with modifications, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under that basis, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligations are incurred. Consequently, the Organization has not recognized contracts and grants receivable, other receivables, prepaid expenses, intangible assets, accounts payable, accrued expenses, and their related effects on the change in net assets in the accompanying financial statements. Additionally, the Organization does not recognize non-cash donations of materials or services.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Financial Statement Presentation

The Organization reports information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the Board of Directors. At June 30, 2022 and 2021, the Board has internally designated \$1,649,252 and \$1,701,717, respectively, to support the Organization's mission.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions may be permanent in nature, whereby the donors have stipulated the funds be maintained in perpetuity.

Senior PharmAssist, Inc.
Notes to Financial Statements
June 30, 2022 and 2021

Note 1 - Nature of Activities and Summary of Significant Accounting Policies (Continued)

Cash, Cash Equivalents and Restricted Cash

The Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

There was no restricted cash for the years presented.

Property and Equipment

It is the Organization's policy to capitalize all property and equipment with an original cost or donated value of \$500 or more and an estimated useful life of more than one year. Purchased property and equipment are recorded at cost. Depreciation is computed over the straight-line method over the useful lives ranging from five to seven years.

Expenditures for repairs and maintenance are charged to expense as incurred. The cost of major renewals and betterments are capitalized and depreciated over their useful lives. Upon disposition of property and equipment, the related asset and accumulated depreciation accounts are removed and any gain or loss is reflected in the statement of revenues, expenses, and other changes in net assets for the period.

Refundable Advance

In May 2020, the Organization received a forgivable loan of \$110,473 under the Paycheck Protection Program implemented by the Small Business Administration (SBA) with support from the U.S. Department of the Treasury. Based on the SBA criteria and loan agreement, the Organization expected the loan to be fully forgiven. As allowed, this "loan" with a 1% interest rate was accounted for as a conditional grant with a barrier to entitlement that, in management's opinion, had not been overcome as of June 30, 2020. The loan was formally forgiven in fiscal year 2021 and was taken into revenue at that time.

Income Taxes

No provision has been made for income taxes in the financial statements. Furthermore, the Organization believes that it has appropriate support for any tax position taken, and as such, does not have any uncertain tax positions. The prior three years' tax returns remain subject to examination by the taxing authorities.

Donated Services

A number of volunteers have donated substantial amounts of time toward the programs and the various activities of the Organization, but no amounts have been reflected in the financial statements. The Organization estimates that it received approximately 1,500 hours of donated services for each year presented.

Senior PharmAssist, Inc.
Notes to Financial Statements
June 30, 2022 and 2021

Note 1 - Nature of Activities and Summary of Significant Accounting Policies (Continued)

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of assets, liabilities, and net assets. The return on investments is included in statement of revenues, expenses, and other changes in net assets for the period.

Fair Value Measurements

Accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Organization had no Level 3 assets or liabilities for the years presented.

Revenue Recognition

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of revenues, expenses, and other changes in net assets as net assets released from restrictions.

Senior PharmAssist, Inc.
Notes to Financial Statements
June 30, 2022 and 2021

Note 1 - Nature of Activities and Summary of Significant Accounting Policies (Continued)

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of revenues, expenses, and other changes in net assets. Accordingly, certain costs have been allocated among the programs and services benefited.

The allocation of salaries, related costs and contract services is based on time and effort studies of the Organization's workforce. The remaining categories on the statement of functional expenses are allocated based on approximate direct usage.

General Expenditures

The Organization considers the costs related to its normal activities to be general expenditures unless such costs are limited by the donors for specified, restricted purposes. Accordingly, the related resources for the latter have been excluded in the quantitative information detailing the financial assets available to meet general expenditures within one year.

Note 2 - Investments

Investments consist of the following at June 30:

	2022	2021
Mutual funds:		
PIMCO Total Return Class D, PTTDX	\$ 465,814	\$ 409,292
Ishares Core S&P Total US Stock Mkt EFT	747,817	743,823
Ishares Trust Core MSCI Total Intl Stk EFT	229,361	230,105
	\$ 1,442,992	\$ 1,383,220

The return on investments consisted of the following for the years ended June 30:

	2022	2021
Realized and unrealized gains (losses), net	\$ (273,170)	\$ 244,436
Interest and dividend income	30,948	32,893
	\$ (242,222)	\$ 277,329

All investments are considered to be Level 1 assets in the fair value hierarchy described in Note 1 above.

Note 3 - Pharmaceutical Expenses

The Organization pays the cost of necessary prescriptions, less a nominal co-payment, for seniors meeting income eligibility requirements. The payments are made through a third-party administrator.

Senior PharmAssist, Inc.
Notes to Financial Statements
June 30, 2022 and 2021

Note 4 - Beneficial Interest in Assets Held by Others

In February 2014, the Organization transferred \$105,000 to the Triangle Community Foundation (the Foundation) in exchange for future distributions of the non-endowment fund (the Fund). Since February 2014, the Organization and its donors have transferred additional assets to the Foundation. The Board of Directors of the Foundation has complete legal and fiduciary control of assets of the Fund, including, but not limited to, full authority and discretion as to investment and reinvestment of assets. The Fund and all funds therein shall be administered by the Foundation subject to its Charter and Bylaws, including the power contained therein for the Board of Directors of the Foundation to modify any restrictions or conditions if in their sole judgment (without the approval of any trustee, custodian, or agent) such restrictions become, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the area served by the Foundation.

The beneficial interest in assets held by others is considered to be a Level 2 item in the fair value hierarchy described in Note 1 above. In this case, investments are held in a pool of publicly traded assets. The pool of assets is valued based on the net asset value of the shares held by the pool. The Organization values its portion of the pool based on its respective percentage of the asset pool's total value.

Note 5 - Concentration of Risk

The Organization maintains demand deposits with high quality financial institutions that may be in excess of Federal Deposit Insurance Corporation or other similar limitations. Cash and cash equivalents balances in excess of these limitations were \$69,851 at June 30, 2022.

Note 6 - Retirement Plan

The Organization has a defined contribution plan that covers all employees with annual compensation over \$5,000. Under the plan, participants may contribute any amount up to IRS limitations to the plan, and the Organization matches participants' contributions up to 3% of compensation. For the years ended June 30, 2022 and 2021, contributions to the plan were \$17,128 and \$17,259, respectively.

Note 7 - Lease Commitments

In July 2021, the Organization renewed its lease for office space. The current five-year lease calls for escalating monthly payments ranging from \$2,872 to \$3,233. Either the landlord or the Organization may terminate the lease by giving a ninety-day written notice to the other party. Rental expense on this operating lease was \$34,547 and \$34,466 for the years ended June 30, 2022 and 2021, respectively.

Note 8 - Related Party Transactions

Members of the Board of Directors routinely make contributions to the Organization. Management does not believe that the amounts involved are significant enough to warrant further disclosure.

Senior PharmAssist, Inc.
Notes to Financial Statements
June 30, 2022 and 2021

Note 9 - Subsequent Events

The Organization has evaluated subsequent events through October 18, 2022, which is the date these financial statements were available to be issued, and has determined that there are no other subsequent events that require disclosure.

Note 10 - Availability and Liquidity

The following represents the Organization's financial assets at June 30:

	2022	2021
Financial assets at year end:		
Cash and cash equivalents	\$ 581,865	\$ 911,139
Investments	1,442,992	1,383,220
Beneficial interest in assets held by others	202,496	237,320
Sales tax receivable	429	4,216
Deposits	1,876	1,876
Total financial assets	2,229,658	2,537,771
Less amounts not available to be used within one year:		
Deposits	1,876	1,876
Board designated net assets	1,649,252	1,701,717
	1,651,128	1,703,593
Financial assets available to meet general expenditures over the next twelve months	\$ 578,530	\$ 834,178

The Organization's goal is generally to maintain financial assets to meet six months of operating expenses (approximately \$500,000). As part of the Organization's liquidity management plan, cash in excess of daily requirements is invested in money market funds.

Note 11 - New Accounting Pronouncement

In 2016, the Financial Accounting Standards Board (FASB) issued *Accounting Standards Update (ASU) 2016-02, Leases*. ASU 2016-02 changes how an entity reports and measures all leases of property, plant, and equipment. The ASU is effective for annual periods beginning after December 15, 2021. Management is evaluating the impact the update will have on the Organization's financial statements.
